

ONE MINUTE HERE...

ein audiovisuell coroneskes musikprojekt

March 16, 2020:

all schools are closed, cultural life is restricted immediately.
The Covid-19 pandemic is pervasive, worldwide ...

That makes us think, observe, hold on. Preserve creativity.
With this motivation came the idea for the multimedia art project ONE MINUTE HERE ...,
A multimedia project by „Arbeitskreis Bremer Komponisten & Komponistinnen“ (abk-ev.de)

During the shutdown we created 40 minimal music videos . For one minute, these miniatures present a place or a situation in slow motion. This can be situation-related scenes or symbolic translations of keywords or just things that we did not notice before because there was always no time for this. Mostly local from here in Bremen, but in addition some international video recordings were included - that shows the global extend. The ABK composers were inspired by the sequences and composed exclusive the miniature soundtracks.

As a result, there is a lot to discover: exciting, sad, strange but also funny things.
This is certainly a special time that we will remember for a long time.

We would like to invite you and share these minutes with you.
It will be first **YouTube premieres here** every Sunday, **8.00 p.m. (CEST)**
